Snowmobile 4-Stroke Motor Oil

SAE 0W-40 for POLARIS, ARCTIC CAT, SKI-DOO

ARCTIC BLUE 4-STROKE Synthetic 4-Stroke 0W-40 Motor Oil is formulated to ensure the ultimate in performance, protection and maximum horsepower in POLARIS®, ARCTIC CAT® and SKI-DOO® 4-stroke snowmobile engines. Synthetic base oils, shear-stable polymers and a new generation of high-tech, state-of-the-art additives all combine to make this possible. It has a thermal stable 0W40 broad viscosity rating and is ideal for use in extreme cold-weather performance, rated down to -55° F (-48° C). This gives extra protection during critical cold-start. As an SAE 40 motor oil, it protects during the hottest temperature extremes and its SAE 0W rating ensures excellent starting and lubrication in the coldest temperature extremes.

API SL/CF, SJ, SH, SG • JASO MA

SAE 0W-30 for YAMAHA

ARCTIC BLUE 4-STROKE Synthetic 4-Stroke 0W-30 Motor Oil is formulated to ensure the ultimate in performance, protection and maximum horsepower in YAMAHA® 4-stroke snowmobile engines. Synthetic base oils, shear-stable polymers and a new generation of high-tech, state-of-the-art additives all combine to make this possible. It has a thermal stable 0W-30 broad viscosity rating and is ideal for use in extreme cold-weather performance, rated down to -55° F (-48° C). This gives extra protection during critical cold-start. As an SAE 30 motor oil, it protects during the hottest temperature extremes and its SAE 0W rating ensures excellent starting and lubrication in the coldest temperature extremes. Replaces YAMAHA® SAE 5W-30 grade.

API SL/CF, SJ, SH, SG • JASO MA

NOTE: DO NOT MIX WITH GAS - or use in 2-cycle premix or injection engines. Consult owner's manual for proper SAE grade.
