

# AUTHORIZATION TO MARK

This authorizes the manufacturer to apply the ETL mark to certified products; also to the multiple listee model numbers as listed on the correlation page of the Listing Report where applicable; when made in accordance with the accompanying descriptions and drawings under the conditions set forth in the Certification Agreement herein:

**Applicant:** Drawform, Inc.  
1160 NW 5th Place  
Canby, OR 97013

**Contact:** Bob Westcott

**Manufacturer:** Same as Applicant

**Reference Report No.:** 3049774-3

**Product Covered:** Solvent Distillation Unit, Model(s) StillClean100

**Description:** The product covered by this report is a tabletop, self-contained distillation system for evaporating and condensing solvent used in parts-cleaning operations. It is provided with a supply cord for connection to the power source. The unit provides continuous cleansing of the cleaning solvent. The unit is intended to be used in conjunction with a parts-cleaning unit that is Listed by a Nationally Recognized Testing Laboratory (NRTL) and is equipped with a flame-actuated self-closing safety lid. The distillation system is intended for unattended operation.

**Standard(s):** Garage Equipment (UL 201, First Edition, 06/14/2001) and Solvent Distillation Units (UL 2208, First Edition, 08/24/2001)

This procedure, with all revisions, etc., is the property of Intertek Testing Services and is intended solely for the guidance of the listee and the representative of Intertek Testing Services, and is not transferable.
